

SEAMLESS INTEGRATION	ELIMINATE COPY/PASTE PROCESS	DASHBOARD MONITORING	NEVER PAY FOR SAME TRANSLATION TWICE	WORKFLOW INTEGRATION	REDUCE I.T. INVOLVEMENT
----------------------	------------------------------	----------------------	--------------------------------------	----------------------	-------------------------

Your Platform. More Global.

- Seamlessly integrate with Marketo to translate emails and snippets using the Marketo Asset API
- Use cloud-to-cloud integration to eliminate additional configuration requirements in Marketo
- Run multilingual and multi-geography campaigns using dynamic fields and target segmentation
- Take control of translation workflows and project tracking
- Leverage real-time tracking of translation spend and TM leveraging statistics
- Customize the localization process with granular-level controls
- Get on-demand access to analytics and KPIs
